Seeks Rental—

To recover \$510.55 which she sets up as a claim against the estate of Alice M. Parker, a suit has been brought against Columbus Ewalt, administrator.

Plaintiff states that decedent, during her life time, leased a house and lot at the corner of Water and McKenzie streets, Mt. Plaintiff says that she presented this claim on June 29, 1916, and that administrator refused to allow it on Dec. 12, 1916.

She asks for court judgment for this claim. L. C. Stillwell is her attorney.

Through no fault of hers, she states that he abandoned them December 24, 1910 and left for parts unknown. Since then he has not contributed to their support.—Newark American Tribune.

FLAG PAINTED ON HOOD OF AUTO

The U. S. flag is painted on an aeroplane in France and it adorns certain American vessels, but it has remained for H. M. Siebold to paint the national emblem on the hood of an automobile and he says it's the only car in Columbus thus adorned. Siebold and his machine were through here Thursday. The flag is double, appearing on both sides of the hood. It makes a striking sight.

Dr. Heron of Wooster will deliver the class address. A novel feature of the ceremonies will be the presentation of a class history, a class will and a class play.

During the past year, the Perrysville school, under Principal Feichter's leadership, has raised the large sum of \$116 in school entertainments. The fund has been applied to the purchase of articles for the school. Thus, some good pictures have been selected and placed on the walls; volley and basketball equipment has been secured, while a playground slide now stands on the campus. 118 STUDENTS OUT TO DRILL

Kenyon Training Starts Un-
der Capt. Parsons

FACULTY TAKING IT

Campus Converted Into Drill Grounds
While Squads Of Eight Or More
Men Are Placed Under
Informed Students

Gambier, April 19.—The hopes of the majority of Kenyon students and the members of the faculty began to materialize Wednesday afternoon on the campus between the library and Ascension hall when Capt. Lanning Parsons of Mt. Vernon and the students who have had military training took charge of 118 students to start military drill. Three members of the faculty, including Dr. William F. Peirce, president of Kenyon, are also enrolled in the ranks.

Soon after the meeting of the group of students with Capt. Parsons, the students who have had military training, numbering 13, were given squads, each with at least eight men in it, to drill while Capt. Parsons reviewed his future troops. The drill-masters of the squads are the following students: McBride, Harrison, Coldewey, Harper, Welda, Dechant, Wright, Gordon, Mueller, H. B. Smith, Allen, McKechnie and Gunn.

It was decided that there should be three drills a week—on Mondays, Wednesdays and Fridays. Instead of Benson field, the athletic grounds, the park between the college library and Ascension hall is used as the training grounds.

Great enthusiasm has been shown by all members of the group out for military training and, under the able leadership of Capt. Parsons, more will probably enroll. At present the students are working on the steps and different formations. Later the manual of arms will be taken up.

The students who went to the Culver officers' training school at Culver, Ind., are expected to return to college in about two weeks and assist in taking charge of the drill, but under the command of Capt. Parsons.

W. C. T. U. MEETING

Mt. Vernon
(By Press Reporter.)
The Mt. Vernon W. C. T. U. held a reception at the home of Mrs. Barnard Tuesday evening for its new members and the Y. P. B. recently organized.

The house was tastefully decorated with flags, and the opening song was "The Flag of Stars."

Rev. Anderson conducted the devotionals. President Babbs welcomed the new members of both branches. Although it was the regular time of meeting, all business was set aside and a very interesting program was conducted by Mrs. Weir.

An instrumental trio was rendered by Messrs. Rimer and Cullison and Mrs. Phillips.

Mr. Dye spoke on behalf of the young people. He spoke hopefully of the outlook for the temperance cause. As Russia has abolished vodka, so, said he, may the United States abolish the liquor traffic, for it should be made both a moral and economic issue.

After another selection by the trio, Professor Murry spoke on behalf of the schools. He said that teachers were ever seeking to help their pupils to build up such characters that they might be the best citizens.

Miss Smith, Miss Grosseup and Mrs. Wootton sang "Now Abide With Faith, Hope and Love." They responded to an encore.

County President Farquhar then installed the officers of the Y. P. B. and instructed them in the duties of their various offices. They joined hands and all sang "Blest Be the Tie That Binds" and Miss Farquhar asked God's blessing on the young officers.

The Y. P. B. gave their new yell. A vocal trio was rendered by Mrs. Huntsberger, Mrs. Wootton and Mrs. Branan.

Miss Farquhar pinned the white ribbons on the new members and Miss Mitchell and Mrs. Huntsberger sang "Pure White Ribbons." The W. C. T. U. then repeated the new campaign yell.

Miss Farquhar spoke to the young people, telling of her joy in the addition to the temperance ranks of strong young people, giving a pertinent illustration of its being better to erect lighthouses than to man lifeboats, and she bade them Godspeed in their new work, saying that they would probably soon see the liquor traffic abolished, but that there would always be wrongs to right and evil to overcome.

Refreshments were served and a pleasant social hour was enjoyed by all.

POLITICAL UNREST IN JAPAN

Tokio, April 19.—All Japan is awaiting in suspense the outcome of the great political battle to be fought out at the polls tomorrow. Never before have the issues at stake in a campaign for the election of members of the house of representatives been so momentous and never before has the feeling between the opposing parties been so high.

The very essence of constitutional government is involved in the struggle. Field Marshal Count Terauchi, the prime minister, and his chief lieutenant, Baron Shimpel Goto, who holds the post of home minister, have made clear their conception of the issue. It is their announced determination not to bow to the will of a "tyrannical majority" in the house of representatives. Count Terauchi dissolved the house in January when the majority constitutional party backed a resolution of want of confidence in the ministry.

WASHINGTON RELICS ON SALE

New York, April 19.—Historical societies and individual collectors of America are displaying a lively interest in the sale to begin at the Anderson galleries this evening of the collection of relics of George Washington, inherited by William Lanier Washington, the great grandson of Col. William Augustine Washington, the eldest of the first president's nephews. Included in the collection is the only authentic portrait of Mary Ball Washington, mother of George Washington. Another valuable item in the collection to be disposed of is a bust length portrait of Washington in uniform by Rembrandt Peale, which, so far as known, has never been reproduced. The other relics consist of articles of silver and tableware owned by General Washington and used at Mount Vernon; snuff boxes, a writing case, sword buckles, whisk counters, reading glass, two silver cups, Martha Washington's teaspoon and money purse, and the wedding ring of Washington's mother.

Guy Forbing of Brinkhaven spent Wednesday in this city on business.

Mrs. D. P. Jennings returned to her home in Columbus Wednesday after a visit with Mrs. W. N. Rowe, who resides near Brandon.

tions In Which He Fails To
Receive Costs For His
Legal Services

It is probably best to pay the court what you owe it or, according to Squire Harter's action, you will be barred from the court.

This has been the experience of Frank Rush of this city. "Squire Harter states that Rush has done the following:

1.—Several years ago he made affidavit for the arrest of one who is alleged to have done him harm. Warrant issued by "Squire Harter. Up to date no costs paid—"Squire Harter out several dollars.

2.—Again made affidavit for the arrest of one who is said to have stolen his goods during his absence. Warrant issued by "Squire Harter. The justice again out several dollars because costs went unpaid. Of course both cases lost.

3.—Wednesday went to "Squire Harter to ask for a peace warrant against one whose conduct regarding himself was a bit dubious. Unable to obtain it—"Squire Harter through giving up time and paper for nothing.

4.—Later—Rush's divorced wife wants to have a peace warrant issued against her former spouse. The justice, through with the Rush family's legal business, decides not to be beaten out of a few dollars again.

Therefore, "Squire Harter reiterates that he will not grant Rush or his family the privilege of having warrants issued from his court any more.

An Unlucky Showman.

Punch and Judy originated in China about 1,000 years before Christ. The Emperor Mir of the Chow dynasty was one day making a tour through the empire when an entertainer named Yen Shi was brought into his presence to amuse the ladies of his court. During the performance the puppet cast such significant glances toward the ladies that the angered emperor ordered the originator of the "puppet" play to be executed.—London Answer.

WEATHER UNFAVORABLE

Farmers Start Under Handicap to In-
crease Production.

Washington, April 19.—American farmers are starting under a handicap in their efforts to carry out President Wilson's appeal for increased production of foodstuffs. Almost everywhere throughout the country during the last week temperatures were unfavorable and the season is generally backward, according to the weekly review of the National Weather and Crop Bulletin of the weather bureau. Pastures and ranges started slowly, due to dry weather, and over the upper Rockies snow still remains over large areas. In the northwestern states vegetation is still nearly dormant. Germination is slow in southern districts. While the conditions of the week were favorable for farm work in some eastern and southwestern sections, it is generally backward.

Ohio Solon's Assignments.

Washington, April 19.—The most notable changes in the committee assignments of Ohio Republican congressmen are those which place Fess on foreign affairs, McCulloch on banking and currency; Hollingsworth on public buildings and grounds, and Cooper on interstate and foreign commerce and Emerson on rivers and harbors. Longworth remains on the ways and means committee. All of these are important assignments. In the new congress Ohio will have two members of the rivers and harbors committee.
